

Noble - Brentwood Oak

Product Description

Spruce up your home in a cost-effective way with our fabulous range of Noble Laminate flooring. Impressively constructed with a solid 8mm thickness for a hard-wearing finish, the AC4 durability rating means this laminate will withstand the comings and goings of a busy home, providing you with a top-quality floor that will stand the test of time. Boasting realistic wood features with knots and grains, offering you flooring that looks like solid wood but at a fraction of the cost. Suitable for use in most rooms around the home, our Noble range can be installed over underfloor heating and is moisture resistant due to the Aquastop coating. Complete with an A+ VOC Emissions rating, the Noble laminate range is both environmentally friendly and safe, providing you with that much-needed peace of mind.
