

Super EvoCore - Smoke Oak

Product Description

Smoke Oak, from our Super EvoCore range, features realistic textures with grains and knots to replicate the look and feel of authentic wooden flooring. Light and dark tones of grey flow together in each plank with cool taupe undertones, creating a unique floor that's at home in both modern and traditional settings. Highly durable and scratch-resistant, Super EvoCore is the perfect floor for busy family homes or commercial properties. Lay in whichever style you want, with its innovative Dream-Click 360 fitting system and create a bespoke look you love.

To complete your purchase and ensure the perfect feel underfoot, we recommend using a 1.5mm underlay. Using this underlay will provide your amazing new Super EvoCore flooring with protection from your subfloor and remove any minor deviations it has, whilst also delivering excellent acoustical performance.

Range Details	Properties	Technical Data	Technical Specification
