

Caesar - Vintage Oak

Product Description

Create the look of solid wood in your home but with all the benefits that Porcelain Tiles has to offer with our beautiful range of Caesar Tiles. Boasting a variety of contemporary tones, this range exudes charm with its wood grain detailing. The matt finish helps provide anti-slip protection ensuring these tiles are safe for your home. Expertly crafted from extremely hardwearing and versatile porcelain, our tiles can be used on floors and walls and benefit from being 100% waterproof.

Our Caesar Tiles are easy to maintain and suitable for underfloor heating, however please note if you have a water heating system then you will need to install an anti-crack mat to prevent your tiles from breaking with the increasing heat.
