

# ZEN TILES

## Dawn Alabaster Cement

### Range Description

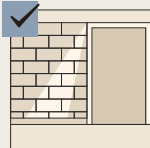

Light, without sharpness. Alabaster Cement brings a pale, silvery tone with a soft matt finish that diffuses light gently across the surface. The effect is bright, but never stark-clean and quiet, with a sense of openness that feels effortless. Lagom Alabaster Cement is a natural choice for minimalist spaces. Pair with whitewashed woods, soft linen textures, and cool neutrals to create a space that feels light and uncluttered. Ideal for bathrooms, kitchens, and open-plan living where brightness is needed, but stillness is key.

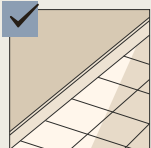

Range Details		Poperties	Technical Data	Technical Specification
