EVOCORE NATURE - GOLDEN OAK

PRODUCT DESCRIPTION

Introducing the EvoCore Nature range, which combines the popular EvoCore range with a Real Wood layer, ensuring it is as authentic as possible whilst retaining the durability and ease of EvoCore products. EvoCore Nature Golden Oak has a combination of caramel and golden shades with warm natural undertones, giving the grains and knots added depth while keeping that stylish and distinctive appearance. The nature range is designed to mimic real wood flooring while combining the ease of modern flooring. Consisting of 7 layers, this range is built to withstand all aspects of everyday life. Its 8mm thickness and 1mm wear layer offers enhanced protection against normal everyday wear ensuring your flooring will look its best for years to come, even in high traffic areas. The built in underlay provides maximum comfort underfoot while additionally providing increased sound insulation, helpful in busy homes. The anti scratch coating ensures that the floor remains pristine even against paws and heels alike.
