

Natural Country Herringbone Oak

Product Description

Do you want quality flooring that will become a conversational piece in your home? Natural Country Herringbone Oak engineered wood floor brings a touch of rustic charm, creating a warm and welcoming atmosphere at the same time. The planks measure 10mm in thickness and 90mm in width, to suit smaller or larger rooms in equal measure. Brushed to enhance the textures and natural beauty of the solid wood layer, the surface also features a high-quality lacquered finish to provide stain and scratch protection. Check out our accessories section, there you can find the finishing touches for your flooring!
