

## Marylebone - Chantilly Lace Oak

### Product Description

How many times have you fantasised about having real solid wood flooring throughout your home? With our Chantilly Lace Oak, you can have the look and feel of a genuine solid wood floor at a budget friendly price. A refined design, Chantilly Lace Oak features light beige and cream hues as well as gorgeous natural features. Perfect for any decor, this engineered wood floor complements classic or modern interiors with elegance. The 2.5mm solid oak veneer comes with a Brushed Oiled finish that highlights the features of the natural material. Measuring 14mm in thickness, the planks are tough and durable. Their 130mm width makes them perfect for compact or open-plan spaces, whether installed in a classic style or a parquet pattern. This flooring is only suitable for underfloor heating, when glued down completely. Otherwise, for a floating installation, only the first row needs to be glued. Don't
